

INFRARED HEATER PANEL FOR WALL MOUNTING

PART NUMBER: MM300

Add style and warmth to your home with an infrared mirror. A practical yet powerful heater, particularly ideal for high humidity areas such as bathrooms and washrooms as the mirror demists and strips out condensation. Toughened glass front.

TECHNICAL SPECIFICATION:

Dimensions (mm): 500 x 600 x 23

Weight: 10kg

Output: 300w (1.3 amps)

IP54 rated (excluding plug)

Life expectancy: up to 75,000 hours

Surface temperature: 80°C – 90°C

Electric conversion efficiency: 98.5%

Utilises the latest carbon crystal far infrared nano technology in a modern finish.

Sleek mirror heater with frameless polished edges.

3 year warranty

Inbuilt overheat protection facility

1.5m cable length with UK plug

INSTALLATION RECOMMENDATIONS:

With its modern design, few will realise this is in fact a heater! Engineered to ensure completely uniform heat distribution.

Comes with wall fixing kit and template for easy installation.

Specifically designed for use on walls, the slim line and borderless design will blend in seamlessly with a range of decors. Very low cost to run and once installed, no maintenance.
