

INFRARED HEATER PANEL FOR CEILING MOUNTING

PART NUMBER IFC900

The contemporary Infinity range of far infrared panels are market leading and changing the way we think about heating. They have the lowest back temperatures of any heater and feature a fully borderless design.

TECHNICAL SPECIFICATION:

Dimensions (mm): 1000x 1200 x 22

Weight: 13.5kg

Output: 900w (3.9 amps)

IP54 rated (excluding plug)

Life expectancy: up to 100,000 hours

Surface temperature: 80°C – 90°C

Electric conversion efficiency: 98.5%

Soft matte-white textured aluminium finish with Carbon Crystal Far infrared nano technology

Slim borderless design with contoured edge

5 Year Warranty

Inbuilt overheat protection facility

2m cable length with UK plug

INSTALLATION RECOMMENDATIONS:

Back temperatures of Infinity heaters are as low as 8°C ensuring that heat is not wasted.

Comes with ceiling fixing kit (CFK17) for safe attachment to ceilings.

Specifically designed for use on ceilings, the slimline and borderless design will blend in seamlessly with a range of decors. Very low cost to run and once installed, no maintenance.
